Dear Al:

Some things never die. The above named individual has been on our files, since December 1987 and we have never received any information from the council that would enable us to set up a file.

Perhaps, you can tell me whether we should just cancel this file at this time. There was never any specific information given that would be of such consequence to give us reasons for refusing registration.

We have written to the council on numerous occasions, but never had a response. Perhaps, you could send me a note and indicate what I should do. I will cancel this file if you indicate that is the direction we should go.

I really hate to bother you again, but this name has again come to the top of our stack. I still have not heard from Council 265 related to this situation, even though the council called us in February of 1988 indicating that this individual had been charged with sex abuse. I certainly feel uneasy that he is not on our Confidential File, since we do not have information to keep him there.

I really need the outcome of the legal action so that we have substantiation for our refusal.

I would also like to have a Confidential Record Sheet completed so that we can identify Mr. Reeves. I don't have anything here concerning him in our office. I am enclosing another confidential Record Sheet to see if you can have it completed by the council.

We received a telephone call, in December of 1987, concerning the above named individual. This call came from the Area Director. At that time it was indicated that there were some sexual abuse charges against this individual.

We have not heard from you since that time even though we did write in February and again in May. We must have a Confidential Record Sheet, if we are to identify this individual and refuse registration should it be attempted in some other location. A copy of some paper with Mr. Reeves' signature would also aid in the identification process.
